

Hypnotick
*future of dance,
future of entertainment*

We are happy to bring our dance expertise your way and tailor it to suit your needs. It does not matter whether your school is all girls or all boys, mixed, junior, senior, college or university, just give us a call to discuss your aims and we will tailor make a programme right for you!

Our dance services are delivered by our Hypnotick Dance Team (part of Active Aspirations group). The team consists of teachers/choreographers from diverse backgrounds, what enables us to be always ready with our 'pick and match' the best teacher to suit the needs of your group. This also enables us to arrange easily for covers and swap teachers if requested. Teachers are fully CRB checked and with many years of experience.

We are able to cater for groups of any sizes, ages, levels (from beginners to professionals) and we are always open to build a programme according to your needs.

We specialise in street/hip hop style, however our teachers are trained also in different genres such as contemporary, commercial, ballet and/or latin.

Through our programme children/young people achieved and are holders of the '2009 & 2010 UDO British Street Dance Championship Titles in the team categories (U18 & U10) and had a chance to perform at places such as Wembley Arena, Trafalgar Square, music videos just to name a few. Young people also have an opportunity to obtain qualifications and if e.g. they want to pursue dance as a career they get guided through individual steps including employment opportunities.

REGULAR DANCE CLASSES:

- Breakfast clubs
- Lunchtime clubs
- Curriculum time clubs
- After school clubs

All these clubs can be run for the participants with either a main aim to relax, have fun, and learn a new skill or as a club that is more focused and aims to work towards a little showcase either at your school premises or anywhere else.

COMPETITION DANCE CLASSES: Would you like your school to be represented at one of the competitions? Do you already have an existing dance group or would you like us to help you to audition and create one? There are plenty of opportunities for such groups to go out, perform and represent your school, either locally in London, nationwide or even abroad. Levels vary as well, just let us know your ambitions/goals and we let you know what is possible.

WORKSHOPS: Don't have a space or possibility to run an ongoing class? No problem! Just try one of our very popular one off workshops. This can be booked from a 1 ½ hour long workshop up to a whole day event. It can be offered to a group/s at your school or even organised for the whole school. This is a great way for children to work together, have lots of fun and work towards a little showcase at the end that can be presented to the school and/or parents.

DANCE COMPETITION: Do you have a dance talent at your school? How about to find your champion and at the same time organise an entertaining event for the whole school? We can organise and run the whole event for you, starting with auditions which would culminate into an entertainment packed and motivational school event. If possible, we love to run this event with the support of young people to give them input, a chance to learn a new skill and boost their confidence.

HOLIDAY SCHEMES: Are you thinking of running a holiday scheme? If your answer is yes, no need to look further. Are you looking just for few hours or a whole programme? No problem. We can organise and run a programme tailor-made for your school. And if you should be interested we can also implement singing and musical theatre. And to wrap up an exciting holiday programme we can end it of course with a little showcase.

SOME OF THE GREAT BENEFITS:

- Strength, Stamina, Flexibility
- Control & Boost in Concentration
- Team Building, Communication Skills
- Increase Self Esteem
- Development of Leadership Skills
- Build Confidence
- New Friends and Lots of Fun!

Our involvement with you can be either exclusive to your school or open to your community. You can hire us for our services or we can charge the participants or we can create a combined option.

We are currently working with various schools/colleges/universities, youth centres and partners and would love the opportunity to work with you, so do not hesitate and get in touch.
